

## **IEEE SECON 2011**

**Dates: June 2011**

**Salt Lake City, Utah, USA**

### **CALL FOR PAPERS**

#### **The 8th Annual IEEE Communications Society Conference on Sensor, Mesh and Ad Hoc Communications and Networks**

The eighth annual IEEE SECON conference will provide a unique forum to exchange innovative research ideas, recent results, and share experiences among researchers and practitioners in the field of sensor, mesh, and ad hoc networks and systems. IEEE SECON grew out of the IEEE INFOCOM conference in 2004, in order to create an event that focused on the important and exciting topics of Sensor, Mesh and Ad Hoc Communications Networks.

Papers describing original, previously unpublished research work, experimental efforts, practical experiences, and industrial and commercial developments in sensor, ad hoc, and mesh communications and networks are solicited. Particular topics of interest include, but are not limited to:

- Vehicular Networks, Underwater Networks, Urban Sensing, and other Emerging Areas
- Disruption Tolerant Networks
- Measurements and Experimental Research
- Security and Trustworthiness
- Survivability, Network Management and Fault Tolerance
- Modeling, Algorithms, and Performance Evaluation
- Hardware and Software Platforms, Middleware
- MAC, Network, Transport, Application Protocols and Cross-Layer Design
- Network Coding, MIMO, White Space, Cooperative and Cognitive Communications

### **PAPER SUBMISSION AND PUBLICATION**

Papers should neither have been published elsewhere nor currently under review by another conference or journal. All papers for IEEE SECON 2011 must be submitted electronically via the EDAS system: <http://edas.info/>. Papers must be no longer than 9 pages and in font size no smaller than 10 points. Accepted papers will appear in the conference proceeding published by IEEE.

The organizers of IEEE SECON 2011 as well as our attendees expect accepted papers to be presented at the conference. IEEE reserves the right to exclude a paper from distribution after the conference (e.g., removal from IEEE Xplore) if the paper is not presented at the conference.

Detailed paper submission guidelines can be found in the conference website.

### **IMPORTANT DATES**

Abstract Registration: 23:59 EST on December 10, 2010

Paper Submission Deadline: 23:59 PST on December 17, 2010

Acceptance Notification: March 28, 2011

Camera Ready: April 25, 2011
